2. REGISTRATION FEE

Note 1: In principle, one registration covers only one paper. At least one of the authors must make an advanced registration by the final camera-ready paper submission deadline (October 31, 2018) in order for their paper to be included in the final program of the conference. **** On-site Registration for conference participants applies after November 10, 2018. All of the conference participants should complete the registration.**

Note 2: Additional accepted papers whose first author is a full-time student (a student who enrolled for degrees or diplomas with university or academic institution) may be eligible for the Student registration rates if there is at least one accepted paper already registered as Regular by the same group of authors or advisor. The Student registration is limited up to two registered papers for one Regular registration. *** Student status must attach official student ID card upon registration and present ID at the conference registration desk. The Student registration fee covers only the conference materials, banquet, breaks and access to all sessions.

Note 3: Student registration rates if there is at least one accepted paper already registered as Regular by the same group of authors or advisor. The Student registration is limited up to two registered papers for one Regular registration.

Note 4: Student register please provide regular paper ID of the group.

Please select authors type and rate in USD or BAHT
