

BMEiCON2013 Research Networking Event

Following the successful Research Networking Event (RNE) of BMEiCON2012, Research Networking Event is still one of the important programs of BMEiCON2013. One of the main objectives of RNE is to create BME Network among BMEiCON delegates. With BMEiCON RNE, professors, researchers, lecturers and students join the trip to visit some of the attraction place. On the trip, BMEiCON delegates will get to know each other, exchange name card and idea, discuss about research and possible cooperation, etc. Professors in different aspects will be seen in RNE in the cool, calm and collected fashion.

BMEiCON 2013 Research Networking Event (NRE) will take place on October 25th, 2013. BMEiCON 2013 delegates will join in by visiting the famous islands nearby Ao Nang, Krabi. The Phi Phi Islands is one of the popular islands in the Andaman sea of Thailand. Phi Phi Islands is announced as the Phi Phi National Marine Park. There consists of many islands such as Phi Phi Don and Phi Phi Leh. Phi Phi Islands is the famous place for diving to see colorful soft coral walls and coral reefs, including underwater world. Phi Phi Don is quite stunning and has been given the title of one of the most fantastic and beautiful islands in the world. Phi Phi Leh is also a beautiful and pristine island. At Phi Phi Leh, Maya bay is well known as the location for the Hollywood movie "The Beach" in 1998. Furthermore, there are many bays that are extraordinarily attractive such as Pilae bay, Loh Sa Ma bay.
